AWARDS AND ACHIEVEMENTS

Honor Roll

This award I would have to say was my favorite and my first. It was my favorite award of all because the first part of the school year I let to many distractions come between myself and school. I looked at my 2nd period report card and said to myself, "this is not like me, I can do better" so I kept that in mind and made to the top.

Merit Roll

I believe I was on top of my game for this award, because coming into high school was scary. I thought the work was going to be three times as hard in high school. When I got the Merit Roll award I thought WOW! I did it.

Best student athlete - Track and Field

I felt so happy, simply because I kept a 4.0 while playing track and field. Being able to maintain good grades showed I knew how to balance things out at a young age.
